---

### PROFESSIONAL SUMMARY

Dynamic Full/MERN Stack Developer with a proven track record in crafting responsive, high-performance web applications using Next.js, React, Node.js, and the MERN stack. Expertise in CMS integration, eCommerce solutions, and live deployments, complemented by hands-on experience with Agent's AI through Python and the OpenAI SDK. Strong problem-solving abilities and a collaborative approach consistently drive the delivery of impactful, user-focused websites. Committed to continuous learning and staying updated on emerging web development trends to foster innovation and excellence in every project.

---

### WORK HISTORY

**Full Stack Developer, 04/2025 – Current**

**S-Tech Innovative – Karachi, Sindh, Pakistan**

- Currently leading full-stack projects, managing CMS platforms, implementing modern features, and handling live deployments.
- Developed functional databases supporting 5+ web apps, integrated payments, and managed backend servers for reliable performance.
- Reviewed code, resolved issues, and integrated third-party APIs; increased data retrieval speed by 30% and improved UX.

**Web Developer, 01/2025 – 03/2025**

**Byte-Forge Solutions – Europe (Remote)**

- Built a full-stack 'Code & Stories' web app for kids; collaborated across teams to deliver interactive experiences.
- Boosted website performance by 25% via front- and back-end optimizations and CMS integration for seamless updates.

- Designed secure, easy-to-use APIs for third-party integrations without compromising performance or security.

---
